

# SAMOS 8000

Art.Nr. 131

Natural, raw oakwood look with saw marks

Wood species: Hungarian oak from sustainably managed, state-owned forests

## ASSORTMENT

### RUSTIC

A very lively assortment. Due to the colourfulness and diverse structure of natural wood this quality grade gives a real rustic effect.

### NATURE

A slightly quieter assortment. This quality grade preserves the genuineness of wood while showing a more relaxed and uniform picture than the rustic one.

### SELECT

Slight variation in colour and structure are showing the finest selection. The solid wood wall panel presents itself uniform and quiet at the highest level.
