## ASSORTMENTS\*

### Rustic

A very lively assortment. Due to the colourfulness and diverse structure of natural wood this quality grade gives a real rustic effect.

### Nature

A slightly quieter assortment. This quality grade preserves the genuineness of wood while showing a more relaxed and uniform picture than the rustic one.

### Select

Slight variation in colour and structure are showing the finest selection. The solid wood flooring presents itself uniform and quiet at the highest level.

\* In case of some specific products only Nature-Rustic Mix or Nature-Select Mix is available.
