

## **Instruction manual for the use of the slide park (family and adrenaline)**

***Before using the slide park please read carefully the below instructions!***

1. The slides may be used for own responsibility in compliance with the defined safety rules and while wearing adequate clothing for the use of the bath.
2. Please keep the rules shown on the tables (with information, warning and prohibiting pictograms) at the slide start! Failure to comply with the rules can cause an accident of the guest, for which the bath accepts no liability.
3. When sliding please follow the instructions of the slide master!
4. Rules concerning age, height and weight must be followed compulsory, these are available in the below table.

<b>Rules to follow</b>			
	<b>Family slide park</b>		<b>Adrenaline slide park (turbo, UFO, kamikaze, pendulum and magic tunnel slides)</b>
	<b>Anaconda and kamikaze slides</b>	<b>3 track family slide</b>	
<b>Weight</b>	max. 100 kg	max. 100 kg	min. 40 kg - max. 100 kg
<b>Age</b>	min. 8 years	0-6 years with supervision, from 6 years alone	min. 12 years - max. 75 years
<b>Height</b>			min. 130 cm

5. Please slide in the prescribed proper body position on each slide to avoid injuries! It is **PROHIBITED** to slide arse upwards, with the head forward and in a standing position! It is **PROHIBITED** to slide in groups or together!
6. To check you weight please use the scale at the ground floor of the slide tower.
7. To use the big slides (adrenaline slide park) as a first slide is **PROHIBITED**, the less difficult slides must be used at first (family slide park)!
8. It is **STRICTLY PROHIBITED** to stay below the frame of the slide inside the guard!
9. When arriving in the water or in the tub, the pool area in front of the slide or the arrival tub has to be vacated immediately! It is **PROHIBITED** to stay at the arrival area of the slide due to the danger of collision with the next slider. In case of improper slide use (e.g. improper sliding position, releasing the rubber ring,

falling out of the ring, etc.) the skin may be bruised, the body may be hit or bumped. To avoid it please follow the rules!

10. Keep distance after each other when sliding to ensure your and others' safety! The signs of the adrenaline slide park (start – green light; stop – red light) must be followed! Sliding in the family slide park may be started, when the previous slider has left the danger zone.
11. Please hold the rubber ring with both hands on the rubber-ring slide. Please take place in the ring in accordance with the marking on the ring. (An arrow shows its front side. So you can hold the ring clearly on the side, next to your body.)
12. It is PROHIBITED to hold the edge of the slide when sliding! DO NOT push yourself away with your hands or feet from the slide wall!
13. It is PROHIBITED to use your own swimming ring on the slide to be used with rubber ring!
14. It is PROHIBITED to wear jewellery (ring, necklace) or watches or to use selfie sticks, phones, cameras when sliding! The bath accepts no liability for problems caused by their use during sliding.
15. It is PROHIBITED to use the slides under influence of alcohol or other psychoactive drugs!
16. It is PROHIBITED to lean out or climb over the slide starts!
17. The environment of the slides, the starting stand and the pool exit is slippery because of the flown out water, it is PROHIBITED to run here! Please walk carefully!
18. Please follow the above rules and the warnings of the slide master! In case of failure to comply with the rules the slide master will prohibit the use of the slide.
